

# HOW TO LOCATE TEXTBOOKS

Textbooks are located on the shelves at the west end of the CCM area. The textbooks are divided into nine general headings:

**Adult**

**Art**

**Health (He)**

**Language Arts (LA)**

**Mathematics (Ma)**

**Music (MU)**

**Science (Sc)**

**Social Studies (SS)**

**Vocational ED (Voc Ed)**

Within these broad subjects, the textbooks are subdivided into more specific categories, such as Algebra or Chemistry. They are then arranged by publisher, grade level, and date. Grade levels are not assigned by CCM and appear only if given by the publisher. Teacher's editions are shelved with the corresponding student edition. All textbooks can be found in the online catalog.

A sample textbook call number appears below:
