

UWM Curricular Area Approval Form

This form is to be used for modification of curricular codes - the three-digit prefixes to UWM course numbers. Each requested modification - new, changed, or terminated curricular area code - is to originate with departmental or committee action and be routed to the appropriate dean. The dean, in turn, requests approval from the Academic Program and Curricular Committee. Approved modifications will be filed by this committee with the Secretary of the University and appropriate deans and the Vice Chancellor's Office.
