

- "Did an assassin fire shots from the Grassy Knoll? Yes."
- "A number of theories exist with regard to the assassination of John F. Kennedy. Often called conspiracy theories, these are usually scenarios involving powerful individuals and/or groups at the time who theoretically had the means, motive and opportunity to plan and execute the John F. Kennedy assassination on November 22, 1963."

- "What Bush and his advisers have perpetrated is nothing short of fraud -- and an epic one at that -- that started when they began planning his ascension to the White House in the early 1990s and continues to the present day."
- "Bush has been the subject of both high praise and stringent criticism. His supporters have focused on matters such as the economy, homeland security, and his leadership after the September 11 attacks. His detractors have disagreed on those very subjects and have also criticized the passage of the USA PATRIOT Act, the controversial 2000 election, and the occupation of Iraq."
